Imposter Syndrome Workshop

Have you ever felt like you don’t belong in your classes, or that you’re just not smart enough? 70% of people experience imposter syndrome in their lives, come to this workshop and we will share ideas for how you can cope with these feelings of inadequacy and be more confident your STEM major.

When: Oct 27 3:00 PM

Where: Grainger Library RM 433

This workshop will be lead by engineering students who can speak from personal experiences.
